Strategic Partnership Presentation

Purpose

G.A. Repple, by partnering together with BGW, would coordinate a national, collaborative strategy, bringing the Generosity Initiative to those served by Building God's Way through skilled Planned Giving Consultants, supervised and trained by G.A. Repple and Company. These advisors would align with BGW's mission of building God's Kingdom and demonstrating the love of Jesus Christ through BGW's Ministry of Construction. In addition, the Biblical Entrepreneurship curriculum will be used to help develop a heart for generosity to the congregations of the client ministries.

Generosity Initiative Planned Giving

G.A. Repple to provide an additional church fundraising opportunity to Building God's Way (BGW) network of Kingdom building services to ministries through offering a planned giving initiative (Encourage Generosity) - working with BGW's client ministry leadership to determine how best to identify, educate, cultivate, and be available to a ministry's potential planned giving projects.

Principles of Biblical Entrepreneurship

G.A. Repple, with Nehemiah Project International Ministries, will offer Principles of Biblical Entrepreneurship to BGW's client-ministries (BE1). BE 1 (16 hour course) is the first of a three part course that provides a strong mix of business concepts and Biblical principles. The course helps students learn how to identify opportunities, take calculated risks, solve problems, exercise stewardship over a business for Biblical profit while developing a Christ centered character and attitude.

The “Repple Effect”

The “Repple Effect” is the unique process of pouring out **Time, Talents** and **Treasures** into the areas of **Faith, Family, Finances, Freedom** and **Philanthropy** for the purpose of a richer life.

G.A. Repple clients and advisors are encouraged to invest not just their treasures, but their time and talents as well. These valuable currencies are most powerful and effective when they are invested well in areas of life that matter - faith, family, finances, freedom and philanthropy. The ripple effect this philosophy has on these values empowers clients and advisors to experience a richer life.

The “Repple Effect” is bringing the Kingdom of God through expanding generosity.

G.A. Repple in partnership with ministries will be able to:

- *Help client-organizations build the Kingdom of God through planned giving strategies to their supporters.**
- *Help empower and encourage the hearts of client-organizations and their supporters toward generosity.**
- *Help empower the business people who are part of and who are supporting the client-organizations.**
- *Bring the presence of a planned giving initiative to client-organizations.**
